Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Enhance further our cycle of data collection with analysis of individual progress at five weekly intervals with targeted intervention of identified at-risk students in Prep to Year 3.
- Utilise internal monitoring data to inform differentiated learning plans in Maths, Reading, Writing and Spelling to set and monitor accurate learning goals and strategies to improve student performance.
- Develop a recognition system that tracks, encourages and celebrates classes and individuals who achieve 95% attendance or better each term.
- Embed the culture, climate, processes and protocols of classroom observation and feedback to support professional development and encourage reflective practice.
- Provide education for parents of Pre-Prep students to support oral language development and early literacy and numeracy skills at home
